

*Not One Square Inch—
Declaring Christ's Lordship Over All of Life and Learning
Academics in the Alps 2023*

Credo House, Wilderswil, Switzerland

August 28-31, 2023

Organized by The Leadership Anvil

Jointly Sponsored by Komensky Institute of Prague

Abraham Kuyper—*“There is not one square inch in the whole domain of our human existence over which Christ, who is Sovereign over all, does not cry, ‘This is mine!’”*

As followers of Jesus who serve in the academy, it is our privilege and calling to declare Christ’s lordship over every academic discipline and over all of life and learning. This is our divine calling.

Since 2019, professors and postgraduates have been requesting a Europe-wide gathering of academics that fits within Europe’s academic schedule. It’s finally happening.

**The Academics in the
Alps 2023
Conference...**

- You will connect and network with other Christian academics from across Europe.
- You will be encouraged, realizing you are not alone; there are others faithfully serving Christ in higher education.
- You will sharpen your Christian worldview and your apologetics skills.
- You will find resources which will aid in your research and teaching.
- You will hone your skills with workshops on best practices and spiritual development.
